20 MARKS

Question 2

- a) Explain any two areas of focus in the Mental Status Examination -MSE (4 marks)
- b) Expound in two ways observation is a precursor to psychological testing (6 marks)

Question 3

- a) Describe any two personality types (4 marks)
- b) Analyze any three symptoms predisposing the presence of personality disorder (6 marks)

Question 4

An unknown adult male comes to your clinic without an appointment. You observe that his dress code is not in tandem with the weather. He is not able to state his reason for coming. He does not know his name, age or where he has come from. He fumbles just a few words. He is unkempt and you have become uncomfortable with the stench emanating from him.

- a) From this narrative, hypothesize on the unknown man's Global Assessment of Functioning (GAF). Defend your hypothesis (4 marks)
- b) Describe three treatment interventions you would recommend for him (6 marks)

Question 5

- a) Distinguish between delusion and hallucination (4 marks)
- b) Discuss any three factors that influence tests (6 marks)
